

Ohio Institute of Allied Health

School of Integrative Health Care

Transfer of Credit Policy:

Effective January 1, 2015

The Ohio Institute of Allied Health accepts transfer credit for any programs only at the discretion of the School Director with the approval of the Program Coordinator. A student may be permitted to “Test Out” of a course previously taken but not eligible for transfer only at the discretion of the Program Coordinator with the approval of the School Director. Transfer credit policies include the following requirements:

1. All credit must be earned at an accredited college or university (community and junior colleges are included).
2. College general education requirements may be fulfilled by transfer credit.
3. Liberal arts core requirements may be fulfilled by transfer credit.
4. Credit will be granted only for a grade of “B” or better.
5. Approval of all courses are based on an official transcript and if necessary course syllabi, outlines, and descriptions, provided by the student.
6. No more than 20% of the previous educational hours will be considered for transfer. The student must complete at least 80% of quarter hours at OIAH to fulfill graduation requirements. Exceptions to this policy include: students transferring from a school in which OIAH has an articulation agreement which allows more to transfer, prior OIAH students completing a new program, and former OIAH students being re-admitted to a program that they did not successfully complete prior to re-enrolling. In each of these circumstances transfer credit will be at the discretion of the School Director/Program Coordinator.
7. Online courses which are considered as regular courses in a degree program at a regionally accredited institution are acceptable at OIAH. Regular courses are those which are numbered according to the institution’s official numbering system for courses which satisfy degree requirements.
8. Credit from a foreign institution of higher education will be evaluated on a case by case basis.
9. Credit earned through military or non-traditional programs that have been evaluated by the American Council on Education and declared to be the equivalent of lower or upper division credit, will be transferred according to the A.C.E. recommendations. However, because only satisfactory grades are awarded, the credit will not affect the grade point average.
10. Quarter hours will be multiplied by 2/3 to determine the equivalent number of semester hour credits.
11. Transfer courses accepted will be included in the cumulative credits earned but neither grades nor grade points earned at other institutions will be used in the computation of the OIAH grade point average.
12. Dual credit earned while in high school will be accepted for credit at OIAH.
13. No courses over 5 years old will be accepted for credit at OIAH.

Military Training and Enrollment/Transfer Credit

The Ohio Institute of Allied Health (OIAH) evaluates military training according to the American Council on Education recommendations. The potential student must provide an official military transcript to the Admission's Office that is acceptable for evaluation.

1. Student must have applied for admission to OIAH, been accepted in a current program and paid the fees.
2. Students will receive credit only on courses in which OIAH offers an equivalent course.
3. OIAH will look for evidence that the learning acquired through military training courses or experience directly relates to the objectives of the academic courses the institution offers.
4. Students who have already received transfer credit at a different institution for a course will not receive credit again at OIAH.
5. Credit awarded is treated as transfer credit at OIAH.
